## DESTINATION ZERO

“A world of zero emissions, zero accidents, zero congestion. Our ambition is to make our societies safer and healthier, and our environments cleaner through relentless innovation. Adapting our products and services to the rapidly-changing world around us.”

At Jaguar Land Rover, we call this ambition Destination Zero. It's made possible through our growing portfolio of electric and hybrid vehicles featuring intuitive technology and behind-the-wheel assistance. Across our manufacturing network, we are also working towards carbon neutrality with the use of 100% renewable, zero carbon electricity at all UK sites.

## INNOVATIVE POWERTRAINS

All-new Jaguar and Land Rover vehicles from 2020 onwards offer the option of electrification, including fully electric, plug-in hybrid and mild hybrid variants. Our range of powertrains help to reduce vehicle emissions and improve fuel economy, yet maintain the capability and performance with which Jaguar and Land Rover vehicles are synonymous.

## THE BOTTOM LINE

At Jaguar Land Rover, we understand the importance of Total Cost of Ownership to businesses. On our journey towards Destination Zero, we've adapted vehicle design and development to significantly reduce operational costs and tailpipe emissions.

Running costs such as ongoing service, maintenance and repair also take high priority. We lower servicing and repair requirements through the use of new technologies, synthetic lubricants, longer service intervals and ease of maintenance.

# ADVANCED TECHNOLOGY

## YOU'RE IN CONTROL

InControl is our as-standard suite of services and applications that keeps you connected seamlessly and securely with the outside world, navigates accurately, and even calls for assistance if required.

### INCONTROL INFOTAINMENT

From calls, media and navigation, to climate control, driver settings and remote access via your smartphone, InControl brings the latest in seamless, intuitive connectivity.

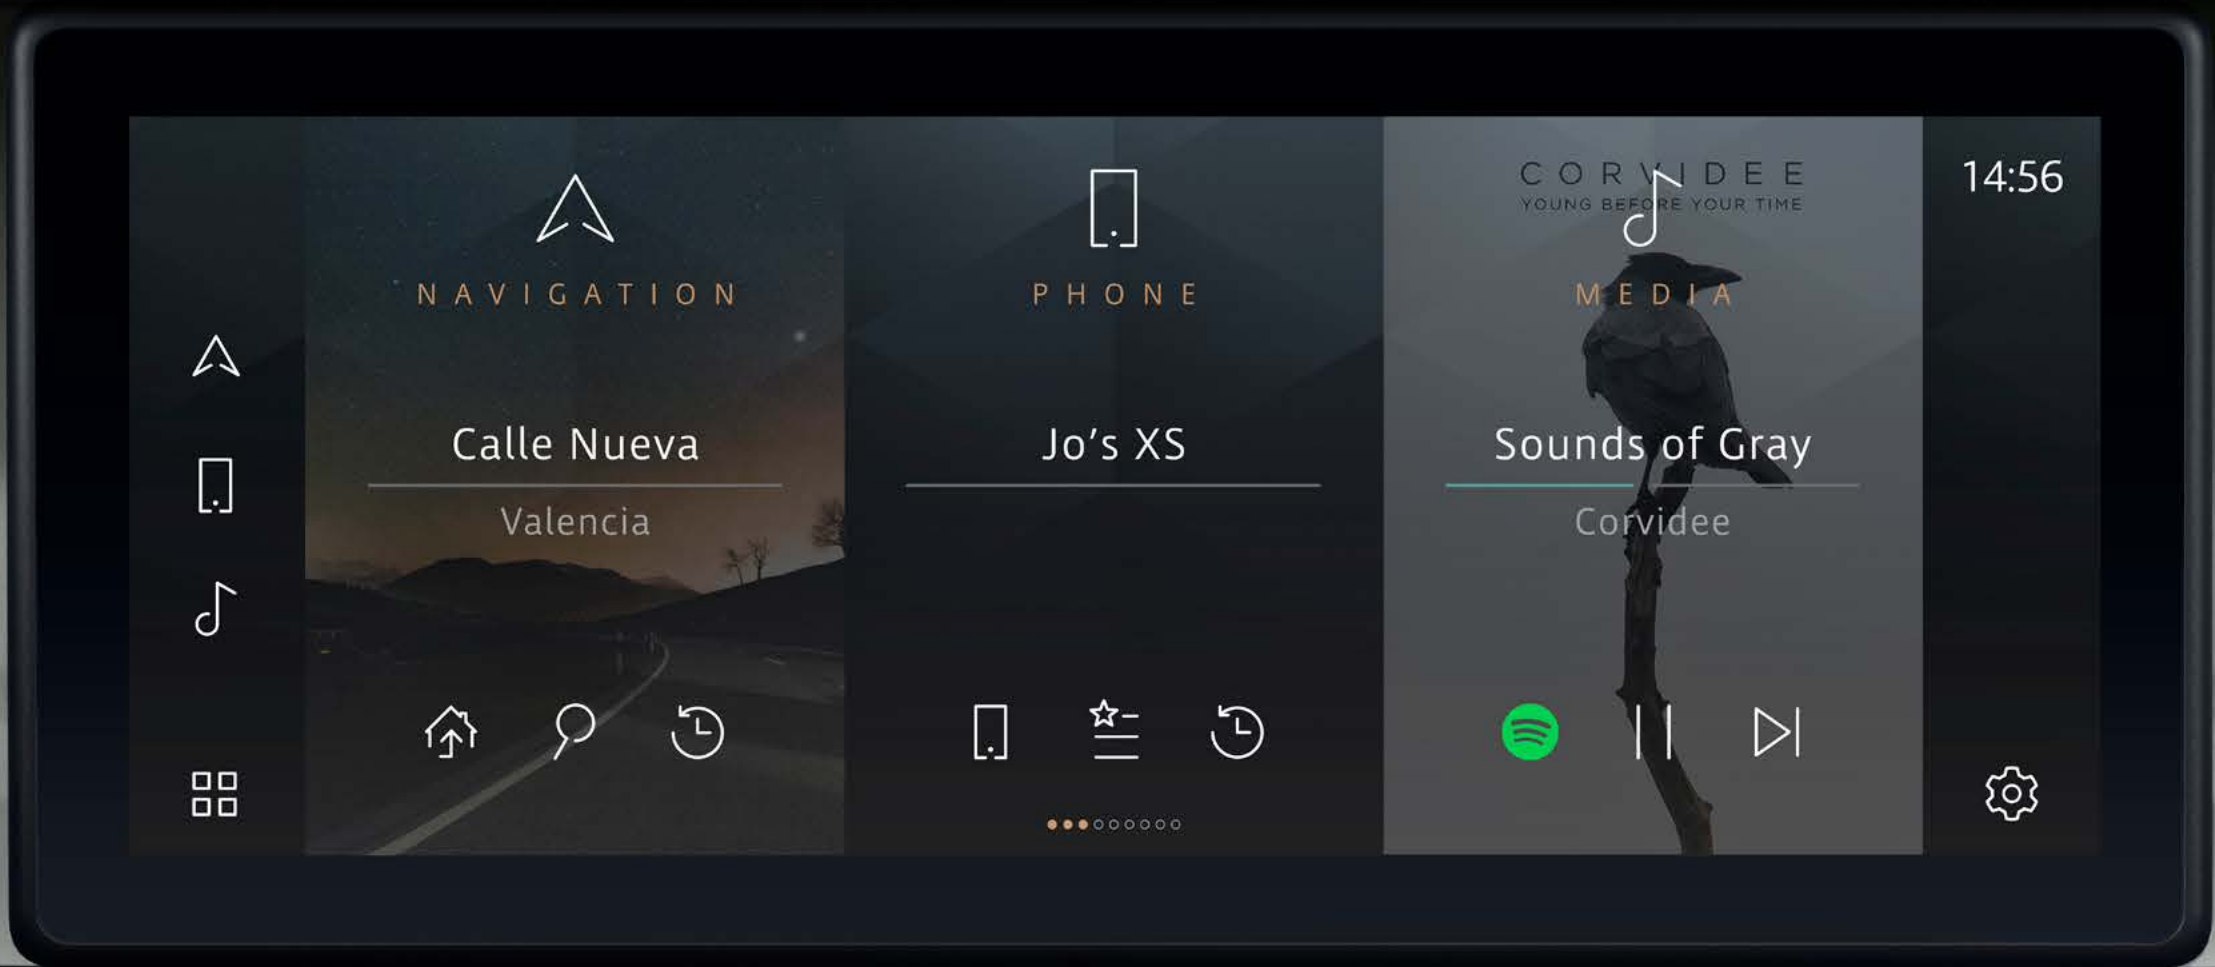

### INCONTROL CONNECTIVITY

Connect and Connect Pro give you unrivalled connectivity within your vehicle. They ensure that you and your passengers enjoy the journey and have a seamless in-car and out-of-car experience.

### INCONTROL DRIVER ASSISTANCE

Our Destination Zero vision for zero accidents helps reduce unavoidable operational costs for your fleet. A range of standard and optional intuitive driving assistance features is available to help maximise safety.

In-car features should be used by drivers only when safe to do so. Drivers must ensure they are in full control of the vehicle at all times. Compatible smartphones only. Subject to market availability of third party provider platforms and mobile phone signal.

# CUSTOMER SATISFACTION AND PEACE OF MIND

You'll be given a dedicated Fleet & Business Sales contact who will assist you with every part of the decision-making process.

Fixed price service plans cover the full cost of routine servicing for the length of your chosen plan and provide reassurance that the vehicle is performing at its best. They also help to optimise the vehicle's Residual Value.

Once your Manufacturer Warranty expires, we offer an extended warranty for even longer lasting peace of mind.

## ACCIDENT SERVICES

We'll go the extra mile to get drivers back behind the wheel quickly. We use only Jaguar or Land Rover Approved Body and Paint Centres and ensure vehicles are returned in a pristine condition.

## ROADSIDE ASSISTANCE

We offer emergency cover and support for all motoring emergencies from breakdowns to accidents. We ensure that your journeys, and your business, keep running smoothly, whatever the circumstances.

## SERVICE PLANS

We make owning Jaguar and Land Rover vehicles easier than ever before with complimentary Vehicle Health Checks and service plans\*.

\*Please check with your local Jaguar and Land Rover Retailers for market coverage and optional service plan availability.

# GETTING IN TOUCH IS EASY

If you have a query for us to answer or are curious to hear more about what we can offer, don't hesitate to get in touch with our Fleet & Business Manager in your region.
